

GREAT BATTLE FOR FRENCH INVASION HAS BEGUN

PRESSING STEADILY FORWARD

Germans Advancing in Belgium.

MUST SOON COLLIDE WITH ALLIED FORCES

French and British Armies Are Waiting at Unknown Point.

London, Aug. 15.—Pushing forward by mere weight of numbers the German advance across Belgium is proceeding slowly, but steadily, and soon must come in contact with the allied armies, which, according to an official communication from Brussels, are in battle order at some point unnamed.

The Belgians in the outpost skirmishing are said to have inflicted severe checks on the German forces; but on the whole the German wing has kept on its way and has reached a line from North of Namur to Haelen, which suggests that the first big battle will be fought somewhere between Louvain and Diest, where the allies probably will try to block the roads to Brussels and Antwerp and prevent the German attempt to render north Belgium untenable.

Further south French troops have entered Belgium through Charleroi, going to the relief of their neighbors to aid in any attack directed toward Namur, while in the east the French are reported to have gained possession of ridges in the Vosges mountains and to hold the passes of Le Bonhomme and Saint Marie au Mines, through which important roads pass, and which it is declared gives them great strategic advantage.

Still Shelling Liege Forts. The Germans again are hammering away at the Liege forts and, according to their accounts, one of the forts, Pontisse, has fallen. This, however, is denied by the Belgians, who tell of another slaughter of the invaders, who, they say, attempted to rush the fortress.

Military strategists are of the opinion that the Germans are meeting with delay which they did not count upon and that every day the Belgians keep them fighting means an increase of Russian forces on their eastern frontier.

They express the belief that unless Germany soon disposes of Belgium and France she will have to choose between withdrawing a great part of her army from the west or laying the road to Berlin open to the forces of the emperor of Russia.

Already hordes of Russians are reported to be marching toward Prussia on the one side and to Austrian Galicia on the other. In the latter country they are said to be in the vicinity of the Sty river, which is on the route to Lemberg.

The official news bureau of the army and admiralty has issued a warning to the public against placing the slightest reliance in the many rumors current daily regarding alleged victories or defeats or concerning the arrivals of wounded soldiers or disabled ships of Great Britain.

Most Rumors Baseless.

"These are without exception baseless," the warning says.

The probable attitude of Japan and Italy is still the subject of much speculation. Conversations are going on continuously between Japan and Great Britain concerning Japan's duty under her alliance with Great Britain and the part she will be permitted to take in the peace conferences following the war.

There are persistent rumors that Italy will join the triple entente. The Italian ambassador is a frequent caller at the foreign office.

If it should prove correct that Turkey has purchased the German cruisers Goeben and Breslau war between Greece and Turkey is said to be likely, for Greece sees in the move an attempt on the part of Turkey to recover some of her islands taken in the last war. Russia, to meet such a contingency, would send troops to the Roumanian frontier.

The British government has called for bids for an issue of \$75,000,000 treasury bills.

With the arrival in English ports of many ships there has been a sharp decline in the prices of provisions.

Doubt's Trouble. A bigamist man who is so fond of looking for trouble that he looks for it twice.—Pelican.

BARON VON MOLTKE.

Field Marshal of the Entire German Army.

DEVELOPMENTS IN EUROPE

Reports of the continued advance of the Germans toward Brussels, the march extending through the heart of Belgium on a line extending relatively from Namur to Haelen, and of continued fighting at the Liege fortress, were the chief items of news of the warfare in Europe that winnowed through the sieve of the censor.

Of the movement of the armies of the Germans and the allies it was stated that it has progressed to a point where it seemed apparent that the first great battle of the war cannot be deferred long. A dispatch from Brussels said the concentration of French troops in Belgium is complete and that all the troops that had been expected were in battle order.

A German report from in front of Liege said the Fortress Pointisse had fallen into the hands of the Germans. Belgians denied this and declared the Germans had suffered heavy losses in the attack.

A special dispatch received in London said the Japanese purpose to carry out their treaty obligations with Great Britain and that the Japanese fleet has put to sea to keep with the British ships.

INQUIRY INTO FOOD PRICES UNDER WAY

Federal and State Probes Begin in Minnesota.

St. Paul, Aug. 15.—Minnesota's biggest investigation of food prices has started. It was brought about by the European war situation and direct orders from President Wilson upon the department of justice officials.

At least three and possibly four special lines of investigation will be carried on at once.

The federal government is investigating under the general direction in St. Paul of United States District Attorney Alfred Jaques of Duluth. It is looking for violations of the Sherman anti-trust law.

Minnesota is making an investigation through Attorney General Lyndon A. Smith to ascertain whether its constitutional provision against monopolies in foodstuffs is being violated with the war scare as a pretext.

Women's clubs of St. Paul will aid the state and federal governments in every possible way.

So far as the federal government is concerned its inquiry will be confined largely to the operations of packers, produce and poultry dealers and cold storage warehouses.

GENERAL VON BUELOW REPORTED KILLED.

London, Aug. 15.—The Daily Telegraph's Rotterdam correspondent says a Berlin newspaper has confirmed the report that Major General von Buelow, a brother of Prince von Buelow, former German imperial chancellor, was killed in battle early this week.

Russia Aids Americans.

Newport, R. I., Aug. 15.—The Russian ambassador, George Bakhmeteff, at his summer home, said he had received official advices that his government had accredited to the United States ambassador at St. Petersburg \$10,000 with which to assist Americans in the war zone in Russia.

Special to The Dispatch:—

Brussels, August 15, (11:50 A. M.)—Almost continuous cannonading from the direction of the front indicates today that the general German assault on the Belgian line began at daybreak. Captured German officers frankly say the general staff are determined to assault the Belgian position and take Brussels. The fight opened with a long range artillery duel, under cover of which the infantry advanced on the entrenchments.

AUSTRIAN LINER IS CAPTURED

Special to Dispatch:

Alexandria, Egypt, August 15, (11:50 A. M.)—The big Austrian liner Marienbad was captured today by British warship near here while on a voyage from Bombay to Trieste, she was brought into port.

GERMAN GENERAL IS KILLED

Special to The Dispatch:—

London, August 15, (1:25 P. M.)—A dispatch from Brussels to the Exchange Telegraph company says that the death of General Von Emmich the German commander at Liege, is confirmed.

GERMANS TAKE ENTRENCHMENTS

Special to Dispatch:

London, August 15, (1:25 P. M.)—The Germans have taken entrenched positions west of Liege in the country well adapted for defense. The infantry is advancing in the direction of Tongres and St. Thond.

GREAT ARMIES READY TO ADVANCE

Special to The Dispatch:—

St. Petersburg, August 15, (1:25 A. M.)—With the mobilization of the first line of the Russian army complete, one million men will be thrown into Austria in a few days, and another great force will advance into Germany.

LIEGE FORTS HOLDING OUT

London Press Bureau Issues an Official Statement.

London, Aug. 10.—An official press bureau statement says: "It is confirmed that the Belgian troops were successful in their engagement on Aug. 12 with six regiments of German cavalry supported by 2,500 infantry with machine guns and artillery.

"The Germans were completely disorganized. The six cavalry regiments suffered great loss and the Belgian troops pursued the infantry, which gave way.

"To the southward of the Meuse the German cavalry avoids contact with the French.

"News of the fight in the vicinity of Haelen confirms that the Germans were driven to the eastward and that there is no German cavalry between Hasselt and Ramillies, in the province of Brabant.

"The Liege forts still hold out and have plenty of supplies."

THREE ACCIDENTAL DEATHS

Number of Other Persons Injured at St. Paul.

St. Paul, Aug. 15.—Three deaths, probable fatal injuries to one girl and less serious hurts sustained by seven other persons, was the toll taken by accidents in St. Paul.

Of the dozen victims nine received their injuries in automobile accidents, one was run over by a street car, another was buried in a cave-in and the other was hurt by a fall into a street excavation.

The dead are: Lawrence Gardner, three years old; Vernon Bowe, seventeen years old; Martin Brennan of Minneapolis, fifty-two years old.

The youngest of the victims was Lawrence Gardner, three years old, son of W. A. Gardner, a carpenter.

The child was smothered when a sand bank caved in while he was playing beside it with his brother, Clarence, twelve years old.

Martin Brennan, real estate dealer, of Minneapolis, was the first victim. He was killed and three companions were injured when the automobile in which they were riding plunged over an embankment on the ice street road.

BALKAN LEAGUE IS ESTABLISHED

Special to Dispatch:

London, Aug. 15, (2:55 P. M.)—The German advance westward thru Belgium continues and a battle with the allies is expected hourly near Waterloo. Rome reports the re-establishment of the Balkan league to take the offensive if Turkey moves against Russia. Montenegro invaded Herzegovina, the Austrian province where the natives aid Montenegrins. The French continue to advance in the Vosges mountains, occupying Saales.

ASSUME ALL WAR RISKS

British Ships Will Carry Grain by Way of the Pacific.

Portland, Ore., Aug. 15.—Grain exporters received word that British buyers would assume all war risks on grain shipped from Portland to Great Britain by way of the Pacific and preparations were made here immediately to send out cargoes.

The British vessel Fernley began loading grain.

"Papa, will you tell me one thing?"

"Yes, my son."

"If a lot of crows were to hold a meeting and swear at one another would that be what they call a caucus?"—Exchange.

French Plans Are Complete.

London, Aug. 15.—The Brussels correspondent of the Exchange Telegraph says the transportation of French troops into Belgium territory is now complete and that all the troops that had been expected are in battle order at a place fixed according to the plans of the chief of staff.

GERMANY EXPLAINS POSITION

Deeply Regrets War With England.

CONTEST MEANS LIFE AND DEATH GRAPPLE

Statement Says Due Warning Was Given to Russia.

London, Aug. 15.—Marconi's wireless press issued to all London papers the following German war news officially circulated through German wireless stations and received by Marconi company, dated Berlin, Aug. 14:

In an interview with the German imperial chancellor he said:

"This war is a life and death struggle between the German race and the Muscovite races of Russia and it is due to the recent royal murders at Sarajevo. We warned Russia against kindling this war. She demanded the humiliation of Austria and, while the German emperor continued his work in the cause of peace and the czar was telegraphing words of friendship to him, Russia was preparing for war against Germany.

"Highly civilized France, bound by an unnatural alliance with Russia, was compelled to prepare by strength of arms for an attack on its flank on the Franco-Belgian frontier in case we proceeded against the French frontier works. England, bound to France by obligations disowned long ago, stood in the way of a German attack on the northern coast of France.

Forced to Invade Belgium.

"Necessity, therefore, forced us to violate the neutrality of Belgium, but we had promised emphatically to compensate that country for all damage inflicted. Now England avails herself of the long waited opportunity to commence war for the destruction of commercially prosperous Germany.

"We enter into that war with our trust in God. Our eternal race has risen in its fight for liberty as it did in 1813. It is with a heavy heart that we see England ranged among our opponents.

"Notwithstanding our blood relationship and the close friendship in spiritual and cultural work between the two countries England has placed herself on the side of Russia, whose barbaric insolence has helped this war, the origin of which was murder and the purpose of which was the humiliation and suppression of the German race by Russia pan-Slavism.

"We expect that the sense of justice of the American people will enable them to comprehend our situation. We invite their opinion as to the one sided English presentation and ask them to examine our point of view in an unprejudiced way. The sympathy of the American nation then will lie with German culture and civilization fighting against a half Asiatic and slightly cultured barbarism."

FOUR GERMAN AIRMEN REPORTED KILLED.

London, Aug. 15.—A Reuter dispatch from St. Petersburg says a message has been received there from Vilna stating that a German aeroplane which was making observations of Russian military movements in the Polish government of Suwalki was fired upon and brought down. Its occupants, four German officers, were killed, according to the dispatch.

DELAY CENSORSHIP ACTION

American Officials Considering Question Carefully.

Washington, Aug. 15.—No immediate action will be taken by the administration on the proposed censorship on cables as well as wireless stations in the United States. This was stated at the White House following a conference between President Wilson and Secretary Bryan.

"It is a subject full of complications," said a high official, "and it must be considered slowly and carefully."

It was believed the president might ask for an opinion from Attorney General McReynolds before making a decision.

JAMES B. SCOTT.

Will Aid State Department During the War.

Photo by American Press Association.

WAR PROVES HEAVY BURDEN

State Department Adds Two Experts to Its Staff.

Washington, Aug. 15.—Because of the heavy strain imposed upon the small diplomatic staff of the state department by the European war Secretary Bryan has retained two experts to serve as special counsel as long as the emergency exists. They are Professor Eugene Wambaugh, professor of international law in Harvard university, and James Brown Scott, secretary for the Carnegie endowment for international peace and formerly solicitor for the state department.

ARMY TRANSPORTS ARE FITTING UP

Will Bring Americans Home From War Zone.

Washington, Aug. 15.—Execution of plans of the government board of relief to bring war marooned Americans home from Europe went forward swiftly.

Five army transports were sent to Newport News to be outfitted hastily for a cruise to ports abroad to pick up refugees. Secretary Garrison was notified that the American line would increase the sailings of its vessels to provide accommodations for 3,600 additional persons.

Managers of steamers that have been chartered for private relief expeditions announced they would cooperate with the war department. Accommodations for considerably more than 20,000 refugees are expected to be provided within the next thirty days.

Diplomatic representatives abroad are acting promptly to provide safe conduct to sailing ports for American travelers. American Minister Stovall of Switzerland notified the state department that he would confer with Italian and French representatives concerning transportation for 15,000.

Deposits of cash with various government departments for transmission to Americans abroad have reached more than \$1,000,000.

SAYS BRITAIN BROKE FAITH

Austria Gives Her Version of Great European War.

London, Aug. 15.—The Exchange Telegraph's Rome correspondent sends the outline of an official communication from the Vienna government to Rome notifying the Italian government of Great Britain's declaration of war on Austria. The Austrian note says:

"Austria's war against Serbia, an independent state, and for a cause which did not affect international politics, cannot be considered as the cause for the present European war."

Great Britain's note to Austria, the statement continues, fails to point out the fact that Austria was obliged to declare war against Russia because the latter's mobilization threatened Austria.

"It is evident," the note says, in conclusion, "that Great Britain's alleged reasons for declaring war not only are arbitrary alterations of facts, but deliberate lies. England thus lightly has broken her traditional friendship with Austria in order to support France, but, nevertheless, she will not find Austria unprepared."

VIRGINIA BANDITS SLAY TWO

Get Away With \$15,000 Intended for Payroll.

Roanoke, Va., Aug. 15.—Two guards bearing \$15,000 to pay miners at Glen-alum, W. Va., were shot to death and robbed near there by a band of highwaymen.

FEEL CONFIDENT OF SEA CONTROL

Many British Vessels Will Resume American Sailings.

BEING COURTEOUSLY TREATED

Americans and Britons in Germany Are Receiving Every Consideration. According to an American Who Motored From Hamburg to the Holland Frontier.

London, Aug. 15.—Steamers which will sail from England for the United States within the next three weeks include the White Star liner Olympic and the Cunard steamships Saxonia, Mauretania, Lusitania and Franconia. These ships will accommodate 13,000 passengers.

In addition fifty smaller steamers will sail within the same period for ports in the United States and Canada.

It is said these boats will provide an opportunity for all Americans now in Great Britain to return home, but Walter Hines Page, American ambassador, and Joseph F. Day, member of the relief committee for stranded Americans, have completed plans for chartering vessels to convey refugees to America if the necessity arises.

Maxwell Blake, American charge d'affaires at Tangiers, Morocco, arrived after motoring from Hamburg to the Dutch frontier through the courtesy of Emperor William. Mr. Blake said that so far as his experience went Americans and Britons in Germany are courteously treated. A German benevolent society in Hamburg is undertaking to aid those in need.

Lazard Kahn, a manufacturer of Hamilton, O., arrived from the continent. At Frankfurt he was arrested as a spy and detained several hours until he satisfied his captors of his American citizenship.

He remained three days at Alx le Chapelle, assisting Consul Robert J. Thompson. From there he went by carriage to Brussels. He frequently encountered German advance guards, who warned him not to cross the German lines, but did not molest him.

A committee of American women living in England has obtained the sanction of the war office to a plan for equipping a hospital and, if sufficient money is raised, a hospital ship. An appeal for funds will be made to America.

AWFUL SCENES AT LIEGE

Shells Damage Every Street in Belgian City.

London, Aug. 15.—The Daily Telegraph correspondent at Brussels says that a refugee from Liege told the following story:

"Thirty thousand inhabitants fled when the shells began to fall. The remaining inhabitants hid in cellars. Have marks the city everywhere. Gaping bridges, demolished houses, fallen roofs and smoldering ruins are seen on all sides. There is no street wherein the shells have not fallen. The asphalt is plowed up like a corn field. Newly made graves protrude in unexpected places.

"During the day the Germans are everywhere in evidence and the inhabitants are cowed in dumb dismay. During the night the city assumes the aspect of a graveyard, the silence being broken only by the distant thunder of heavy guns or the tread of German patrols."

CONTAIN ABUSE OF RUSSIA

Batch of German Papers Arrives in London.

London, Aug. 15.—A batch of German newspapers has reached London, from which an idea of the German frame of mind may be gathered. References to the war scare, and indeed the fact that a war is being waged on the western frontier, scarcely appears.

The newspapers are reduced in bulk and there is a marked reduction in the number of advertisements, these principally relating to mobilization and to changes in business owing to the war.

There is a significant absence of reference to or comment about England's attitude toward Germany, whereas there is an abundance of abuse of Russia.

READY TO JOIN ENGLAND

Persistently Reported Japan Will Take Part in War.

New York, Aug. 15.—A local news agency received the following from Tokyo:

"There is every indication here that Japan will declare war on Germany. Japan will take such a step as soon as it is definitely learned just what status Japan would have in the disposition of spoils in case she entered the fight and Germany and Austria were defeated."

## GREAT BATTLE FOR FRENCH INVASION HAS BEGUN

### PRESSING STEADILY FORWARD

Germans Advancing in Belgium.

MUST SOON COLLIDE WITH ALLIED FORCES

French and British Armies Are Waiting at Unknown Point.

London, Aug. 15.—Pushing forward by mere weight of numbers the German advance across Belgium is proceeding slowly, but steadily, and soon must come in contact with the allied armies, which, according to an official communication from Brussels, are in battle order at some point unnamed.

The Belgians in the outpost skirmishing are said to have inflicted severe checks on the German forces; but on the whole the German wing has kept on its way and has reached a line from North of Namur to Haelen, which suggests that the first big battle will be fought somewhere between Louvain and Diest, where the allies probably will try to block the roads to Brussels and Antwerp and prevent the German attempt to render north Belgium untenable.

Further south French troops have entered Belgium through Charleroi, going to the relief of their neighbors to aid in any attack directed toward Namur, while in the east the French are reported to have gained possession of ridges in the Vosges mountains and to hold the passes of Le Bonhomme and Saint Marie au Mines, through which important roads pass, and which it is declared gives them great strategic advantage.

Still Shelling Liege Forts.

The Germans again are hammering away at the Liege forts and, according to their accounts, one of the forts, Pontisse, has fallen. This, however, is denied by the Belgians, who tell of another slaughter of the invaders, who, they say, attempted to rush the fortress.

Military strategists are of the opinion that the Germans are meeting with delay which they did not count upon and that every day the Belgians keep them fighting means an increase of French forces on their eastern frontier.

They express the belief that unless Germany soon disposes of Belgium and France she will have to choose between withdrawing a great part of her army from the west or laying the road to Berlin open to the forces of the emperor of Russia.

Already borders of Russia are reported to be marching toward Prussia on the one side and to Austrian Galicia on the other. In the latter country they are said to be in the vicinity of the Sty river, which is on the route to Lemberg.

The official news bureau of the army and admiralty has issued a warning to the public against placing the slightest reliance in the many rumors current daily regarding alleged victories or defeats or concerning the arrivals of wounded soldiers or disabled ships of Great Britain.

Most Rumors Baseless.

"These are without exception baseless," the warning says.

The probable attitude of Japan and Italy is still the subject of much speculation. Conversations are going on continuously between Japan and Great Britain concerning Japan's duty under her alliance with Great Britain and the part she will be permitted to take in the peace conferences following the war.

There are persistent rumors that Italy will join the triple entente. The Italian ambassador is a frequent caller at the foreign office.

If it should prove correct that Turkey has purchased the German cruisers Goeben and Breslau war between Greece and Turkey is said to be likely, for Greece sees in the move an attempt on the part of Turkey to recover some of her islands taken in the last war. Russia, to meet such a contingency, would send troops to the Roumanian frontier.

The British government has called for bids for an issue of \$75,000,000 treasury bills.

With the arrival in English ports of many ships there has been a sharp decline in the prices of provisions.

Double Trouble.

A bigamist man who is so fond of looking for trouble that he looks for it twice.—Felician.

DEVELOPMENTS IN EUROPE

Reports of the continued advance of the Germans toward Brussels, the march extending through the heart of Belgium on a line extending relatively from Namur to Haelen, and of continued fighting at the Liege forts, were the chief items of news of the warfare in Europe that winnowed through the sieve of the censor.

Of the movement of the armies of the Germans and the allies it was stated that it has progressed to a point where it seemed apparent that the first great battle of the war cannot be deferred long. A dispatch from Brussels said the concentration of French troops in Belgium is complete and that all the troops that had been expected were in battle order.

A German report from in front of Liege said the Fortress Pointisse had fallen into the hands of the Germans. Belgians denied this and declared the Germans had suffered heavy losses in the attack.

A special dispatch received in London said the Japanese purpose to carry out their treaty obligations with Great Britain and that the Japanese fleet has put to sea to keep with the British ships.

### INQUIRY INTO FOOD PRICES UNDER WAY

Federal and State Probes Begin in Minnesota.

St. Paul, Aug. 15.—Minnesota's biggest investigation of food prices has started. It was brought about by the European war situation and direct orders from President Wilson upon the department of justice officials.

At least three and possibly four special lines of investigation will be carried on at once.

The federal government is investigating under the general direction in St. Paul of United States District Attorney Alfred Jacques of Duluth. It is looking for violations of the Sherman anti-trust law.

Minnesota is making an investigation through Attorney General Lyndon A. Smith to ascertain whether its constitutional provision against monopolies in foodstuffs is being violated with the war scare as a pretext.

Women's clubs of St. Paul will aid the state and federal governments in every possible way.

So far as the federal government is concerned its inquiry will be confined largely to the operations of packers, produce and poultry dealers and cold storage warehouses.

GENERAL VON BUELOW REPORTED KILLED.

London, Aug. 15.—The Daily Telegraph's Rotterdam correspondent says a Berlin newspaper has confirmed the report that Major General von Buelow, a brother of Prince von Buelow, former German imperial chancellor, was killed in battle early this week.

Russia Aids Americans.

Newport, R. I., Aug. 15.—The Russian ambassador, George Bakmeteff, at his summer home, said he had received official advice that his government had accredited to the United States ambassador at St. Petersburg \$10,000 with which to assist Americans in the war zone in Russia.

Special to The Dispatch:—

Brussels, August 15, (11:50 A. M.)—Almost continuous cannonading from the direction of the front indicates today that the general German assault on the Belgian line began at daybreak. Captured German officers frankly say the general staff are determined to assault the Belgian position and take Brussels. The fighting opened with a long range artillery duel, under cover of which the infantry advanced on the entrenchments.

### AUSTRIAN LINER IS CAPTURED

Special to Dispatch:—

Alexandria, Egypt, August 15, (11:50 A. M.)—The big Austrian liner Marienbad was captured today by British warship near here while on a voyage from Bombay to Trieste, she was brought into port.

### GERMAN GENERAL IS KILLED

Special to The Dispatch:—

London, August 15, (1:25 P. M.)—A dispatch from Brussels to the Exchange Telegraph company says that the death of General Von Emmich the German commander at Liege, is confirmed.

### GERMANS TAKE ENTRENCHMENTS

Special to Dispatch:—

London, August 15, (1:25 P. M.)—The Germans have taken entrenched positions west of Liege in the country well adapted for defense. The infantry is advancing in the direction of Tongres and St. Thond.

### GREAT ARMIES READY TO ADVANCE

Special to The Dispatch:—

St. Petersburg, August 15, (1:25 A. M.)—With the mobilization of the first line of the Russian army complete, one million men will be thrown into Austria in a few days, and another great force will advance into Germany.

### LIEGE FORTS HOLDING OUT

London Press Bureau Issues an Official Statement.

London, Aug. 10.—An official press bureau statement says: "It is confirmed that the Belgian troops were successful in their engagement on Aug. 12 with six regiments of German cavalry supported by 2,500 infantry with machine guns and artillery.

"The Germans were completely disorganized. The six cavalry regiments suffered great loss and the Belgian troops pursued the infantry, which gave way.

"To the southward of the Meuse the German cavalry avoids contact with the French.

"News of the fight in the vicinity of Haelen confirms that the Germans were driven to the eastward and that there is no German cavalry between Hasselt and Ramillies, in the province of Brabant.

"The Liege forts still hold out and have plenty of supplies."

### THREE ACCIDENTAL DEATHS

Number of Other Persons Injured at St. Paul.

St. Paul, Aug. 15.—Three deaths, probable fatal injuries to one girl and less serious hurts sustained by seven other persons, was the toll taken by accidents in St. Paul.

Of the dozen victims nine received their injuries in automobile accidents, one was run over by a street car, another was buried in a cave-in and the other was hurt by a fall into a street excavation.

The dead are: Lawrence Gardner, three years old; Vernon Bowe, seventeen years old; Martin Brennan of Minneapolis, fifty-two years old.

The youngest of the victims was Lawrence Gardner, three years old, son of W. A. Gardner, a carpenter.

The child was smothered when a sand bank caved in while he was playing beside it with his brother, Clarence, twelve years old.

Martin Brennan, real estate dealer, of Minneapolis, was the first victim. He was killed and three companions were injured when the automobile in which they were riding plunged over an embankment on the ice street road.

Vernon Bowe, seventeen years old, died at the City hospital from injuries suffered when he was run over by an auto truck.

### GERMANY EXPLAINS POSITION

Deeply Regrets War With England.

CONTEST MEANS LIFE AND DEATH GRAPPLE

Statement Says Due Warning Was Given to Russia.

London, Aug. 15.—Marconi's wireless press issued to all London papers the following German war news officially circulated through German wireless stations and received by Marconi company, dated Berlin, Aug. 14:

### ARMY TRANSPORTS ARE FITTING UP

Will Bring Americans Home From War Zone.

Washington, Aug. 15.—Execution of plans of the government board of relief to bring war marooned Americans home from Europe went forward swiftly.

Five army transports were sent to Newport News to be outfitted hastily for a cruise to ports abroad to pick up refugees. Secretary Garrison was notified that the American line would increase the sailings of its vessels to provide accommodations for 3,600 additional persons.

Managers of steamers that have been chartered for private relief expeditions announced they would cooperate with the war department. Accommodations for considerably more than 20,000 refugees are expected to be provided within the next thirty days.

Diplomatic representatives abroad are acting promptly to provide safe conduct to sailing ports for American travelers. American Minister Stovall of Switzerland notified the state department that he would confer with Italian and French representatives concerning transportation for 15,000.

Deposits of cash with various government departments for transmission to Americans abroad have reached more than \$1,000,000.

### SAYS BRITAIN BROKE FAITH

Austria Gives Her Version of Great European War.

London, Aug. 15.—The Exchange Telegraph's Rome correspondent sends the outline of an official communication from the Vienna government to Rome notifying the Italian government of war on Austria. The Austrian note says: "Austria's war against Serbia, an independent state, and for a cause which did not affect international politics, cannot be considered as the cause for the present European war."

Great Britain's note to Austria, the statement continues, fails to point out the fact that Austria was obliged to declare war against Russia because the latter's mobilization threatened Austria.

"It is evident," the note says, in conclusion, "that Great Britain's alleged reasons for declaring war are not only arbitrary alterations of facts, but deliberate lies. England thus lightly has broken her traditional friendship with Austria in order to support France, but, nevertheless, she will not find Austria unprepared."

### VIRGINIA BANDITS SLAY TWO

Get Away With \$15,000 Intended for Payroll.

Roanoke, Va., Aug. 15.—Two guards bearing \$15,000 to pay miners at Glenalum, W. Va., were shot to death and robbed near there by a band of highwaymen.

### FEEL CONFIDENT OF SEA CONTROL

Many British Vessels Will Resume American Sailings.

BEING COURTEOUSLY TREATED

Americans and Britons in Germany Are Receiving Every Consideration, According to an American Who Motored from Hamburg to the Holland Frontier.

London, Aug. 15.—Steamers which will sail from England for the United States within the next three weeks include the White Star liner Olympic and the Cunard steamships Saxonia, Mauretania, Lusitania and Franconia. These ships will accommodate 13,000 passengers.

In addition fifty smaller steamers will sail within the same period for ports in the United States and Canada.

It is said these boats will provide an opportunity for all Americans now in Great Britain to return home, but Walter Hines Page, American ambassador, and Joseph F. Day, member of the relief committee for stranded Americans, have completed plans for chartering vessels to convey refugees to America if the necessity arises.

Maxwell Blake, American charge d'affaires at Tangiers, Morocco, arrived after motoring from Hamburg to the Dutch frontier through the courtesy of Emperor William. Mr. Blake said that so far as his experience went Americans and Britons in Germany are courteously treated. A German benevolent society in Hamburg is undertaking to aid those in need.

Lazard Kahn, a manufacturer of Hamilton, O., arrived from the continent. At Frankfurt he was arrested as a spy and detained several hours until he satisfied his captors of his American citizenship.

He remained three days at Aix la Chapelle, assisting Consul Robert J. Thompson. From there he went by carriage to Brussels. He frequently encountered German advance guards, who warned him not to cross the German lines, but did not molest him.

A committee of American women living in England has obtained the sanction of the war office to a plan for equipping a hospital and, if sufficient money is raised, a hospital ship. An appeal for funds will be made to America.

### AWFUL SCENES AT LIEGE

Shells Damage Every Street in Belgian City.

London, Aug. 15.—The Daily Telegraph correspondent at Brussels says that a refugee from Liege told the following story: "Thirty thousand inhabitants fled when the shells began to fall. The remaining inhabitants hid in cellars. Have marks the city everywhere. Caping bridges, demolished houses, fallen roofs and smoldering ruins are seen on all sides. There is no street wherein the shells have not fallen. The asphalt is plowed up like a corn field. Newly made graves protrude in unexpected places.

"During the day the Germans are everywhere in evidence and the inhabitants are cowed in dumb dismay. During the night the city assumes the aspect of a graveyard, the silence being broken only by the distant thunder of heavy guns or the tread of German patrols."

### CONTAIN ABUSE OF RUSSIA

Batch of German Papers Arrives in London.

London, Aug. 15.—A batch of German newspapers has reached London, from which an idea of the German frame of mind may be gathered. References to the war scare, and indeed the fact that a war is being waged on the western frontier, scarcely appears.

The newspapers are reduced in bulk and there is a marked reduction in the number of advertisements, these principally relating to mobilization and to changes in business owing to the war.

There is a significant absence of reference to or comment about England's attitude toward Germany, whereas there is an abundance of abuse of Russia.

### READY TO JOIN ENGLAND

Persistently Reported Japan Will Take Part in War.

New York, Aug. 15.—A local news agency received the following from Tokyo: "There is every indication here that Japan will declare war on Germany. Japan will take such a step as soon as it is definitely learned just what status Japan would have in the disposition of spoils in case she entered the fight and Germany and Austria were defeated."

## THE WEATHER

Temperature record taken at Gull lake dam by caretaker, Arthur L. Mampel.  
August 13, Maximum 70, minimum 55.

The suffragettes in England and the war in Mexico have been lost track of since the European trouble started.

The horse and cattle show at the state fair will have the largest number of entries since Minnesota held its first fair, 55 years ago is the estimate now placed by the officials.

The small boy has the days counted between the present time and the beginning of school, and he almost wishes war would break out in this country that might postpone the awful day.

Eighteen peace treaties were ratified by the senate Friday providing for commissions of inquiry before resort to arms in international disputes which ordinary resources of diplomacy fail to settle. In times of war prepare for peace.

In 1910 Minnesota grew but 2,300 acres of alfalfa but today she stands well up to the head with 25,000 acres in crop and ranks with such states as Wisconsin and Illinois in the product of this commodity, and the prediction is made that the day is not far off when there will be alfalfa on every farm in Minnesota.

The general public of France and Germany have been notified by their government that severe punishment will follow any attempt to raise the price of foodstuffs. In this country there is no cause to raise the price of the necessities of life that dealers may speculate and make additional money, but it is being done and the explanation is "on account of the war." It would seem that some remedy should be afforded that would protect the people from the greed of the unscrupulous.

The 10 inch water main which has been laid in the Northeast Brainerd hill was connected up and the water turned on last night. This connection

will give Northeast Brainerd good water service again.

Mrs. Thos. Beare, Mrs. Howard Ingersoll, Mrs. N. H. Ingersoll, Mrs. C. A. Albright and Miss Donna Lyman of Bemidji, returned this noon from a week's outing at Nisswa. Miss Lyman returned to her home at Bemidji this afternoon.

Mr. and Mrs. John Lildjendahl returned last night from Max, N. D., where they spent a very pleasant three week's visit with their son-in-law, A. A. Zrthrane and family. John says that the crops there are in the best of condition and a big yield is expected.

A report from Brainerd asserts that Harvey Grimmer, Frank A. Day, Con O'Brien and Mike Daley were discovered in the act of drinking grape juice. If this report is well founded it ought to bring the Bryan contingent into line for Harvey for that U. S. Marshall job.—St. Cloud Journal-Press.

Prof. A. D. Wilson, of the agricultural department of the University of Minnesota, is at Bay lake today and gave a very interesting talk to a group of people of that vicinity who gathered at the home of Mr. Hall to hear him. It is the intention of the Chamber of Commerce to have him speak here in the near future.

There are more and better chances today for young men and women, in the business world, than ever before. But if you want to get a good place at a good salary, you must get ready for it by taking your business training in a splendidly equipped business training school like the Little Falls Business College. Write today for your copy of our catalog. Monday, August 31st, is the opening of the fall term. dSat-w

George Weaver was a state delegate attending the national convention of the Eagles at Kansas City, Mo. There were 2,300 delegates present. Over 8,000 Eagles marched in the parade. Four doctors were in attendance at the convention, but their services were not required. While the parade marched a fire team, answering a big fire call, skidded its trucks about and collided with the line of marchers. Any other lodge parade would have been laid out, but the Eagles simply flew aside and let the fire engine and the rest of the equipment shoot by.

## Strengthens Weak and Tired Women

"I was under a great strain nursing a relative through three months' sickness," writes Mrs. J. C. Van De Sande, of Kirkland, Ill., and Electric Bitters kept me from breaking down. I will never be without it." Do you feel tired and worn out? No appetite and food won't digest? It isn't the spring weather. You need Electric Bitters. Start a month's treatment today; nothing better for stomach, liver and kidneys. The great spring tonic. Relief or money back. 50c and \$1.00, at your druggist. H. P. Dunn, druggist.—Advt. 1ts

## Its Only Guise.

New diseases or new cures are always of interest to the reading public. Therefore an enthusiastic reporter believed a story lay in waiting because of a rumor that germs of a new disease had been discovered. He located the doctor responsible for the find and questioned him.  
"In what guise," he asked, "do these germs appear?"  
The doctor smiled. "You needn't be afraid," he said. "This is to be a fashionable disease and will appear only in the guys with money."—New York Tribune.

## MOTORCYCLE AND AUTO COLLIDE

Arthur Olson, on the Motorcycle, Received Severe Injuries, Last Evening

### ACCIDENT ON EAST OAK STREET

Motorcycle and Automobile Collide About a Mile East of the City

Last evening on East Oak street Art Olson on a motorcycle, and a car belonging to A. M. Opsahl, collided, severely injuring Mr. Olson and damaging both machines, but no one in the auto was injured.

Art Olson was taken to his home and later to the Northern Pacific hospital where his injuries were attended to. It is reported that he has a broken leg and sustained many bruises but is not in a serious condition as the result of the accident.

A witness of the accident said that it occurred out in the hollow just this side of the Britton place on East Oak street.

The two machines meet in this hollow and according to the occupants of the car they stopped their machine and the motorcycle, which was coming at a terrific speed, kept to the left hand side of the road until almost up to them, then turned to the right but did not clear the machine, but struck it with full force almost head on. The impact turned the car part way around, bent the front axle, broke the lamp and shock absorber. Art Olson fell clear of his machine and one of the members of the party in the car, who is a nurse, immediately went to his aid and turned him over to find out if possible the extent of his injuries.

It was but a few minutes until there was a crowd of people on the spot and Mr. Olson was taken to his home, 1310 Norwood street by John Liljendahl in his auto and was later removed to the N. P. Hospital where his injuries were cared for.

### DRY PLEAS TO LINDBERGH

Petition Signed by 1,020 Calling for Indian Treaty Enforcement is Sent the Congressman

The Bemidji Sentinel says that "Mrs. J. J. Opsahl, president of the Women's Home Protective association this week sent to Congressman C. A. Lindbergh petitions calling upon Cato Sells, Indian commissioner, to enforce the Indian treaty of 1855. There were 26 petitions with a total signature of 1,020 persons. Towns represented in the petition are Funkley, Brainerd, Nymore, Bagley, Frazer, Detroit, Vern, Pequot, Bemidji, Nary, Motley, Duane, Cass Lake, Nevis, Howley, Way-Tau-Wosesh, Audobon, Aitkin and Merrifield. On the other hand, there was a meeting here this week of the business men who oppose the idea of using the treaty as a means for obtaining prohibition and they decided to send a committee of five to Washington to request a public hearing. Victor L. Powers, mayor of Hibbing, will name the committee."

### TO END RAIL DISPUTE SOON

Announcement of Personnel of Board of Arbitration Expected Within a Short Time

Howard M. Currie, mechanical superintendent of the Northern Pacific road, returned Thursday from Chicago, following the temporary adjournment of the committee of managers of the Western railways, which has been dealing with the engineers and firemen in their campaign for higher wages, says the Pioneer Press.

Announcement of the members of the board of arbitrators to be named by the railroads' committee is expected to be made soon by Federal Judge Chambers, chairman of the board of mediation and conciliation, which arranged the arbitration.

### Winter Sleepers.

The bat, tortoise and dormouse are counted among the best winter sleepers. So deep is the lethargy of a dormouse that if this little creature is awakened suddenly and put near a fire his pulse beats so slowly that he is lifeless in a few minutes. While asleep he is kept alive by the surplus food which he has eaten in the autumn and which is stored up in his body as fat. Frogs and toads are even sounder sleepers and approach nearer to a lifeless condition in sleep than any other animal life except certain fish. For in them the heart stops beating and breathing in the ordinary way is impossible. During this time the breathing is carried on through the pores of the skin. These strange cases of torpor are also caused by lack of food during bitter cold. For in countries where excessive heat and drought prevail there are numerous instances of torpor that are quite as profound as that exhibited by the winter sleepers.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced remedies, and by constantly failing to cure the system. They offered one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address: F. J. Cheney & Co., Toledo, O. Sold by Druggists, 75c. Take Hall's 19 fully pills for constipation.

## ST. CLOUD GAME IS CALLED OFF

St. Cloud Manager So Telephones Manager D. A. Peterson This Afternoon

### THE TEAM HAS BEEN DISBANDED

Did Not Let Brainerd Know of the Cancellation of Game Until 1 O'clock Today

Manager D. A. Peterson received a telephone message this afternoon at about one o'clock from the manager of the St. Cloud team cancelling the game which was to have been played there tomorrow afternoon.

St. Cloud gives as their reason for the cancellation of the game that their team was disbanded yesterday and therefore could not meet Brainerd on Sunday.

This game was to be, in a way, the game to decide the championship of Sunday ball playing teams in the northern part of Minnesota. Brainerd has lost but one game this season and the game would have been a battle royal.

Many people will be disappointed that this game is called off as most of the loyal fans of the city have made arrangements to go with the team and do their best to make the team a winning one. Naturally they do not like the treatment accorded them by the St. Cloud management.

### St. Cloud Quitters

Mr. Editor:—Providing you will allow me a little space in your issue I will explain to the base ball fans of the city of Brainerd and all others interested the reason the Brainerd baseball team does not go to St. Cloud Sunday, August 16th.

The much heralded Dretchko being slated for a defeat at the hands of the Brainerd team and realizing what he had to face and how his record would be shattered, decided by persuasion of the manager of the St. Cloud team, to call the game off at just one o'clock today, leaving the home team without a game for Sunday.

It appears to the manager of the Brainerd team that St. Cloud has acted in a very unsportsmanlike way, not only during the season of 1914, but also in previous years, especially when the loyal fans of the city journeyed to St. Cloud on a special train, taking the city band, (the finest in the State) and just as they had gathered in front of the hotel to give the Town of St. Cloud a treat, of which the likes they had never heard, along comes one of those village officers with all the pomp and dignity of one of Coxie's army, swelled up a bit, displayed a star and politely informed our band that they were not allowed to play in the streets of St. Cloud, but if they wanted to, they might go over by the depot and play, as that was out of the town limits.

Now fans, what do you think of such work, it looks to me as though the St. Cloud team are afraid of us, and what other conclusions can one draw.

And as for Brainerd playing St. Cloud, all athletic relations are declared off, as far as the Manager of the Brainerd team is concerned.

D. A. PETERSON,  
Manager.

### REGENTS TOUR STATE

Regents of the University of Minnesota will Inspect Agricultural Schools of State

M. M. Williams, of Little Falls, was in the city yesterday on his way to Duluth to join the regents of the University of Minnesota, including President Vincent and Comptroller Hayes, who are to make a tour of inspection of the university substations and agricultural schools at Duluth, Grand Forks, Morris, Waseca and Crookston.

From Duluth the party will go to Grand Rapids, where a meeting of the regents will be held, to confirm certain appointments and transact other business.

### Seasickness.

Seasickness comes on oceans, lakes and some rivers. Not every one, however, who travels upon these bodies of water can acquire it, as it appears to come only to those who have a gift for it. It has one great merit not common to all gifts, as it may be acquired without previous practice. Those who are skillful do not have to be taught. Like inspiration and the wonderful one boss shay, it comes to them "all at once and nothing first."

Various cures have been devised for seasickness. One of them is publicity. If you can keep on deck where you will be seen by all men and a few fishes that may be staring at you, it is said to be a great help. The best cure, however, is carefully to remove the water from underneath the particular vessel in which you happen to be passing away. If enough water can be removed the seasickness will be invariably cured.

Seasickness is the only thing you get from the steamship company that you don't pay for.—Life.

### Easy.

"Tell me, old man," said the perennial seeker after useless knowledge, "why is your hair gray and your beard brown?"

"Easy," answered the facetious old man. "My hair is twenty years older than my beard."—Michigan Gargoyle.

## "SEED CORN WEEK" CAMPAIGN BEGUN

Every Farmer to be Interested in Getting Best Seed for Next Year's

### PLANTING OF CORN FIELDS

Clergy to Cooperate, Schools Will Help, Farmers Clubs the Big Factor

Between now and the middle of September Minnesota will see one of the most strenuous campaigns ever carried on in any state for crop betterment. This is to be a campaign to interest every farmer possible in obtaining the best possible seed for the planting of his corn fields next year. It is a campaign, in short to "boost" Minnesota's fifth annual "Seed Corn Week." The force behind the campaign is the department of agriculture of the University of Minnesota, and the general in charge is A. D. Wilson, director of the extension division at the college of agriculture.

As a preliminary, there went out to all of the newspapers of the state yesterday the August 15 issue of the University Farm Press News. This is a publication of the University's department of agriculture, containing the news of the college, for the use of such papers as may care to clip from it. The August 15 issue contained much about corn. It told, for example, how similar campaigns in past years, coupled with other agencies, have increased the yield of corn to the acre in Minnesota. The gain is striking and the figures may be reproduced here.

For the five years from 1904 to 1908 inclusive, the average yield to the acre was 29.8 bushels for the whole of Minnesota. For the five years from 1909 to 1913 inclusive, the average yield was 35.1 bushels, a gain of more than five bushels. In 1913 too, there were 2,400,000 acres in corn in Minnesota. Multiply by 5 and you have 12,000,000 bushels gained by this corn improvement work of the state in a single year. Put into dollars and cents the gain between 1908 and 1913 for the state was the difference between \$33,270,000 and \$50,880,000, or \$17,610,000.

There is a reason then for going on with this good corn work. It would be a crime in the eyes of Mr. Wilson and his associates, not to go on. Hence the plans for the campaign just begun.

Another item in the University Farm Press News for August 15 told what was to be done this fall in brief, as the plans had been developed up to the time of sending the issue to press. These plans have been elaborated since then. That is why it is said, that the campaign inaugurated by the University Farm Press News of yesterday is to be the most strenuous yet—not only for this state but for any other.

Among the innovations this year, will be an appeal to the clergy of the state to assist in promoting the week, by getting it to the attention of all people interested in selecting seed corn, which means pretty much every one. A letter is being prepared to send out to clergymen of all denominations asking their cooperation, both through the pulpit and through the Sunday schools. A special appeal will be made to the Sunday school workers also, in the hope of reaching large numbers of young people.

Of course the assistance of the regular school forces will be asked and granted as has been the case in previous years. County superintendents will be advised of the date assigned, and they in turn will notify their teachers. As a result the young people of the state, and especially those of the rural districts, will not be able to escape the message of Seed Corn Week.

Minnesota has something like 140 high schools in which agriculture is taught. The agriculturists in these schools, scattered all over the state, will be centers to spread the gospel of good seed corn as a step toward a good corn harvest in 1915.

Minnesota's staff of county agents will promote the work in their territory.

In such work as this, also, much is expected of the farmers' clubs. These clubs are organized for the improvement of the members, their homes and their communities. Here is an opportunity to add to their prosperity and to pave the way to the desired triple improvement. Every club—and there are more than 800 in the state—will be asked to hold a special seed corn meeting and to promote a "boys' seed corn gathering contest" sometime in Seed Corn Week.

Contests of the latter kind will be held widely. Not only will farmers' clubs be asked to promote them, but county agents, high school agriculturists, and all agencies that may be interested. Every community should have one.

Naturally the farm and news press of the state will be asked to cooperate, and will be furnished material in the form of the news of the campaign. Among other things, it is expected that every paper will be furnished a plate for a cartoon emphasizing the wisdom of seed corn selection, early, and in the field.

As last year, bankers and other business, bankers' associations and

commercial clubs will lend their aid. Last year some bankers and business men used their advertising space in local papers to further the cause of Seed Corn Week. This helped to keep the idea before the rural public, and an effort will be made, through business men and editors, to have more such work this year.

Many towns will stretch banners across their main thoroughfares, urging those who read to, "Remember Seed Corn Week."

The telephone companies will, through the week, send over their wires to all subscribers the question: "Have you selected your seed corn yet?"

With the religious, the educational, the commercial, and the journalistic forces of the state all co-operating, he is an absent-minded man indeed, who will be able to forget Seed Corn Week when it comes.

The date will be announced in a proclamation by Governor A. O. Eberhart, as soon as it has been agreed upon by the corn authorities at the College of Agriculture.

### IRONTON, MINN.

Ironton, Minn., August 15—The ice cream social given by the ladies of the Presbyterian church was largely attended, almost \$30 being cleared.

The American Manganese Manufacturing Company which now operates the Cuyuna-Mille Lacs and Cuyuna-Duluth mines, will soon establish offices in Ironton. The demand for manganese ore will cause the Cuyuna-Mille Lacs mine to greatly increase its output.

George H. Gardner, candidate for state senator, was in Ironton Thursday.

Ed Syverson has been visiting relatives in Ulen.

O. E. Skalmann visited in Wadena Sunday.

Miss Agnes Nunan, of Duluth, is the guest of her aunt, Mrs. O'Connor. Miss Agnes I. Lamb, daughter of E. A. Lamb, who intended to tour Europe, is said to be at Queenstown, Ireland.

Charles McCarthy, of Superior, Wis., was in Ironton on business.

The overburden from the Pennington mine is now being dumped in the south end of Ironton and is filling up the towns site property to the required level.

William Scaffid, superintendent of the Seaford Exploration company, was in Brainerd Wednesday attending to business matters.

Howard Olts is building a house on Ironton avenue.

Andrew Carlson, of Brainerd, was in Ironton Thursday.

Costa Laskovich is building a cottage in West Park addition.

### THE CHURCHES

First Presbyterian church—Regular preaching services at 10:30 A. M. and 8 P. M. Rev. James P. Weliver will preach. Both services will be devoted to the study of the subject of Christ's Second Coming and the relation of Scripture prophecy to the present European war. All are welcome.

The Zion's Evangelical church corner Main and 8th streets will hold German services Sunday morning at the usual hour, 10:30. Sunday school at 9:30. Next Sunday the annual mission festival will be celebrated in the open at the end of 4th Avenue, Northeast. Full announcement will be made later.

Evangelical church of Northeast Brainerd—Services are still held in the church while the foundation for the new parts are being constructed. Bible school at 9:45 A. M. Sermon at 11 A. M. Subject, "Standing Fast." Y. P. A. at 7 P. M. Sermon at 7:45, "The power of the Son of Man." The choir will sing both morning and evening. Are you coming? Yes, you are welcome.

First Methodist Episcopal church—The services of this church will be held tomorrow and for several weeks in the future in the Y. M. C. A. There will be morning service and Bible school only, tomorrow. Pastor's class at ten; morning worship with sermon, "Redemption Through His Blood" at ten thirty. Solo by Mrs. C. D. Blackford, "Beautiful Isle." Bible school at noon. All are welcome.

Swedish Baptist church—Morning service at 10:30. Subject of sermon, "Instruments in God's Hand." The Sunday School meets at 12 o'clock. The Mission Circle meets at 2:30, an interesting missionary program will be rendered. Young Peoples meeting at 7:30 P. M. Evening service at 8 o'clock with sermon by the pastor on the subject, "The Door to Opportunities in Service." Prayer meeting Thursday evening at 8 o'clock. To all of these services one and all are cordially invited. You will be welcome! Rev. A. B. Colvin, pastor.

### Spring Laxative and Blood Cleanser

Flush out the accumulated waste and poisons of the winter months; cleans your stomach, liver and kidneys of all impurities. Take Dr. King's New Life Pills; nothing better for purifying the blood. Mild, non-gripping laxative. Cures constipation; makes you feel fine. Take no other. 25c at your druggist. H. P. Dunn, druggist.—Adv. tts

## A Sale of Fine Lawn and Crepe de Chene Waists

We have placed a very low sale price upon a lot of our fine waists. At \$1.98 we will now sell you beautiful silk Crepe de Chene waists which are \$3.95 and \$4.50 qualities. There are other qualities and other prices all of which are marked equally as low. See these excellent values.

"MICHAEL'S"

## DEVELOPMENTS OF WEEK ON RANGE

European War Creates Big Demand for Manganese Ore from Cuyuna Range

THE WILCOX MINE TO SHIP SOON R. W. Seelye Confident the Wilcox Mine will Ship 5,000 to 10,000 Tons This Year

All eyes are being turned on the Cuyuna iron range, for here is the only supply of manganese ore since the Balkans and Russia ceased their shipments. The furnaces of the American Manganese Manufacturing Co. at Dunbar, Pa., will soon be turning out ferro-manganese, having on hand large stockpiles of manganese ore shipped from their subsidiary mine, the Cuyuna-Mille Lacs. It is expected that the war will give an impetus to mining on the Cuyuna range and therefore increase the output of the Cuyuna-Mille Lacs and Cuyuna-Duluth.

Some of the finest manganese ore ever seen on the range has been uncovered at the Duluth-Brainerd mine. Considerable runs over 40 per cent. The Thompson pit mine of the Inland Steel company at Crosby is shipping on an average of 50 to 60 cars a day. The Pennington pit mine has a steam shovel at work in the cut. The Rowe pit mine is shipping steadily. It is reported that in the next two weeks there will be a heavy increase in the shipments, to be sustained until the end of the season. The Armour No. 2 and the Kennedy mine at Cuyuna, of the Rogers, Brown Ore Co. are shipping constantly.

The Iron Mountain mine, rich in manganese ore, is expected to start up on August 18 when eastern parties commence mining. The Crow Wing Iron Co. has discontinued two drills in section 6, township 46, range 29, which had been working there the past ten months.

Canadian steel men recently on the range were J. J. Doran, J. J. Mackey and Ed Mackay of Toronto and Hamilton, Ontario, directors of the Canadian-Cuyuna Ore Co. and they visited the property of the company at the Wilcox mine near Woodrow. The shaft is down 125 feet and well anchored in rock. The pumping ranges from 25 to 40 gallons a minute. The work of sinking is progressing at the rate of 2 and 1/4 feet per day. The directors were well pleased with the progress attained. The Wilcox is confidently expected to ship from 5,000 to 10,000 tons this fall. The shaft will be finished October 1 and the drift is expected to be in ore on October 20. The ore shipped will catch the last boats at the head of the lakes about December 1. A new cement "dry" or miners change house will be built this month. The permanent head frame will be up in September. The new hoist will be at the mine October 1. By that time all the buildings will be finished and all the machinery installed. The loading track is being finished. The coal trestle and siding are finished and ready for use.

At Cedar Lake the Northern Pacific railway is completing its connection with the Soo line, the work being in charge of the railway contractors, McCullough & Cheney of Minneapolis. The contract for building the track from the Y near the depot at Crosby to the Northern Pacific depot in Ironton was let to Fred Baxter of Superior. Work has been started on this stretch of Soo track and the job is to be finished by September 1. Passenger trains are to begin running over it September 10. The Pennington mine is dumping overburden in the corporate limits of Ironton and is thus grading low places to a proper level. Enough earth has been delivered beside the Northern Pacific track from Ironton avenue east that a second track has been laid for unloading therefrom in the town.

The Cuyuna-Mille Lacs mine is in

## ST. CLOUD GAME IS CALLED OFF

St. Cloud Manager So Telephones Manager D. A. Peterson This Afternoon

### THE TEAM HAS BEEN DISBANDED

Did Not Let Brainerd Know of the Cancellation of Game Until 1 O'clock Today

Manager D. A. Peterson received a telephone message this afternoon at about one o'clock from the manager of the St. Cloud team cancelling the game which was to have been played there tomorrow afternoon.

St. Cloud gives as their reason for the cancellation of the game that their team was disbanded yesterday and therefore could not meet Brainerd on Sunday.

This game was to be, in a way, the game to decide the championship of Sunday ball playing teams in the northern part of Minnesota. Brainerd has lost but one game this season and the game would have been a battle royal.

Many people will be disappointed that this game is called off as most of the loyal fans of the city have made arrangements to go with the team and do their best to make the team a winning one. Naturally they do not like the treatment accorded them by the St. Cloud management.

### St. Cloud Quitters

Mr. Editor:— Providing you will allow me a little space in your issue I will explain to the base ball fans of the city of Brainerd and all others interested the reason the Brainerd baseball team does not go to St. Cloud Sunday, August 16th.

The much heralded Dretchko being slated for a defeat at the hands of the Brainerd team and realizing what he had to face and how his record would be shattered, decided by persuasion of the manager of the St. Cloud team, to call the game off at just one o'clock today, leaving the home team without a game for Sunday.

It appears to the manager of the Brainerd team that St. Cloud has acted in a very unsportsman like way, not only during the season of 1914, but also in previous years, especially when the loyal fans of the city journeyed to St. Cloud on a special train, taking the city band, (the finest in the State) and just as they had gathered in front of the hotel to give the Town of St. Cloud a treat, of which the likes they had never heard, along comes one of those village officers with all the pomp and dignity of one of Copley's army, swelled up a bit, displayed a star and politely informed our band that they were not allowed to play in the streets of St. Cloud, but if they wanted to, they might go over by the depot and play, as that was out of the town limits.

Now fans, what do you think of such work, it looks to me as though the St. Cloud team are afraid of us, and what other conclusions can one draw.

And as for Brainerd playing St. Cloud, all athletic relations are declared off, as far as the Manager of the Brainerd team is concerned.

D. A. PETERSON,  
Manager.

### REGENTS TOUR STATE

#### Regents of the University of Minnesota will Inspect Agricultural Schools of State

M. M. Williams, of Little Falls, was in the city yesterday on his way to Duluth to join the regents of the University of Minnesota, including President Vincent and Comptroller Hayes, who are to make a tour of inspection of the university substations and agricultural schools at Duluth, Grand Forks, Morris, Waseca and Crookston.

From Duluth the party will go to Grand Rapids, where a meeting of the regents will be held, to confirm certain appointments and transact other business.

### Seasickness.

Seasickness comes on oceans, lakes and some rivers. Not every one, however, who travels upon these bodies of water can acquire it, as it appears to come only to those who have a gift for it. It has one great merit not common to all gifts, as it may be acquired without previous practice. Those who are skillful do not have to be taught. Like inspiration and the wonderful one boss shay, it comes to them "all at once and nothing first."

Various cures have been devised for seasickness. One of them is publicity. If you can keep on deck where you will be seen by all men and a few fishes that may be staring at you, it is said to be a great help. The best cure, however, is carefully to remove the water from underneath the particular vessel in which you happen to be passing away. If enough water can be removed the seasickness will be invariably cured.

Seasickness is the only thing you get from the steamship company that you don't pay for.—Life.

### Easy.

"Tell me, old man," said the perennial seeker after useless knowledge, "why is your hair gray and your beard brown?"

"Easy," answered the facetious old man. "My hair is twenty years older than my beard."—Michigan Gargoyle.

## "SEED CORN WEEK" CAMPAIGN BEGUN

Every Farmer to be Interested in Getting Best Seed for Next Year's

### PLANTING OF CORN FIELDS

Clergy to Cooperate, Schools Will Help, Farmers Clubs the Big Factor

Between now and the middle of September Minnesota will see one of the most strenuous campaigns ever carried on in any state for crop betterment. This is to be a campaign to interest every farmer possible in obtaining the best possible seed for the planting of his corn fields next year. It is a campaign, in short to "boost" Minnesota's fifth annual "Seed Corn Week." The force behind the campaign is the department of agriculture of the University of Minnesota, and the general in charge is A. D. Wilson, director of the extension division at the college of agriculture.

As a preliminary, there went out to all of the newspapers of the state yesterday the August 15 issue of the University Farm Press News. This is a publication of the University's department of agriculture, containing the news of the college, for the use of such papers as may care to clip from it. The August 15 issue contained much about corn. It told, for example, how similar campaigns in past years, coupled with other agencies, have increased the yield of corn to the acre in Minnesota. The gain is striking and the figures may be reproduced here.

For the five years from 1904 to 1908 inclusive, the average yield to the acre was 29.8 bushels for the whole of Minnesota. For the five years from 1909 to 1913 inclusive, the average yield was 35.1 bushels, a gain of more than five bushels. In 1913 too, there were 2,400,000 acres in corn in Minnesota. Multiply by 5 and you have 12,000,000 bushels gained by this corn improvement work of the state in a single year. Put into dollars and cents the gain between 1908 and 1913 for the state was the difference between \$33,270,000 and \$50,880,000, or \$17,610,000. There is a reason then for going on with this good corn work. It would be a crime in the eyes of Mr. Wilson and his associates, not to go on. Hence the plans for the campaign just begun.

Another item in the University Farm Press News for August 15 told what was to be done this fall in brief, as the plans had been developed up to the time of sending the issue to press. These plans have been elaborated since then. That is why it is said, that the campaign inaugurated by the University Farm Press News of yesterday is to be the most strenuous yet—not only for this state but for any other.

Among the innovations this year, will be an appeal to the clergy of the state to assist in promoting the week, by getting it to the attention of all people interested in selecting seed corn, which means pretty much every one. A letter is being prepared to send out to clergymen of all denominations asking their co-operation, both through the pulpit and through the Sunday schools. A special appeal will be made to the Sunday school workers also, in the hope of reaching large numbers of young people.

Of course the assistance of the regular school forces will be asked and granted as has been the case in previous years. County superintendents will be advised of the date assigned, and they in turn will notify their teachers. As a result the young people of the state, and especially those of the rural districts, will not be able to escape the message of Seed Corn Week.

Minnesota has something like 140 high schools in which agriculture is taught. The agriculturists in these schools, scattered all over the state, will be centers to spread the gospel of good seed corn as a step toward a good corn harvest in 1915.

Minnesota's staff of county agents will promote the work in their territory.

In such work as this, also, much is expected of the farmers' clubs. These clubs are organized for the improvement of the members, their homes and their communities. Here is an opportunity to add to their prosperity and to pave the way to the desired triple improvement. Every club—and there are more than 800 in the state—will be asked to hold a special seed corn meeting and to promote a boys' seed corn gathering contest sometime in Seed Corn Week.

Contests of the latter kind will be held widely. Not only will farmers' clubs be asked to promote them, but county agents, high school agriculturists, and all agencies that may be interested. Every community should have one.

Naturally the farm and news press of the state will be asked to co-operate, and will be furnished material in the form of the news of the campaign. Among other things, it is expected that every paper will be furnished a plate for a cartoon emphasizing the wisdom of seed corn selection, early, and in the field.

As last year, bankers and other business, bankers' associations and

commercial clubs will lend their aid. Last year some bankers and business men used their advertising space in local papers to further the cause of Seed Corn Week. This helped to keep the idea before the rural public, and an effort will be made, through business men and editors, to have more such work this year.

Many towns will stretch banners across their main thoroughfares, urging those who read to, "Remember Seed Corn Week."

The telephone companies will, through the week, send over their wires to all subscribers the question: "Have you selected your seed corn yet?"

With the religious, the educational, the commercial, and the journalistic forces of the state all co-operating, he is an absent-minded man indeed, who will be able to forget Seed Corn Week when it comes.

The date will be announced in a proclamation by Governor A. O. Eberhart, as soon as it has been agreed upon by the corn authorities at the College of Agriculture.

### IRONTON, MINN.

Ironton, Minn., August 15—The ice cream social given by the ladies of the Presbyterian church was largely attended, almost \$30 being cleared.

The American Manganese Manufacturing Company which now operates the Cuyuna-Mille Lacs and Cuyuna-Duluth mines, will soon establish offices in Ironton. The demand for manganese ore will cause the Cuyuna-Mille Lacs mine to greatly increase its output.

George H. Gardner, candidate for state senator, was in Ironton Thursday.

Ed Syverson has been visiting relatives in Ulen.

O. E. Skalmann visited in Wadena Sunday.

Miss Agnes Nunan, of Duluth, is the guest of her aunt, Mrs. O'Connor.

Miss Agnes I. Lamb, daughter of E. A. Lamb, who intended to tour Europe, is said to be at Queenstown, Ireland.

Charles McCarthy, of Superior, Wis., was in Ironton on business.

The overburden from the Pennington mine is now being dumped in the south end of Ironton and is filling up the townsite property to the required level.

William Seafeld, superintendent of the Seafeld Exploration company, was in Brainerd Wednesday attending to business matters.

Howard Olts is building a house on Ironton avenue.

Andrew Carlson, of Brainerd, was in Ironton Thursday.

Costa Laskovich is building a cottage in West Park addition.

### THE CHURCHES

First Presbyterian church—Regular preaching services at 10:30 A. M. and 8 P. M. Rev. James P. Weliver will preach. Both services will be devoted to the study of the subject of Christ's Second Coming and the relation of Scripture prophecy to the present European war. All are welcome.

The Zion's Evangelical church corner Main and 8th streets will hold German services Sunday morning at the usual hour, 10:30. Sunday school at 9:30. Next Sunday the annual mission festival will be celebrated in the open at the end of 4th Avenue, Northeast. Full announcement will be made later.

Evangelical church of Northeast Brainerd—Services are still held in the church while the foundation for the new parts are being constructed. Bible school at 9:45 A. M. Sermon at 11 A. M. Subject, "Standing Fast." Y. P. A. at 7 P. M. Sermon at 7:45. "The power of the Son of Man." The choir will sing both morning and evening. Are you coming? Yes, you are welcome.

First Methodist Episcopal church—The services of this church will be held tomorrow and for several weeks in the future in the Y. M. C. A. There will be morning service and Bible school only, tomorrow. Pastor's class at ten; morning worship with sermon, "Redemption Through His Blood" at ten thirty. Solo by Mrs. C. D. Blackford, "Beautiful Isle." Bible school at noon. All are welcome.

Swedish Baptist church—Morning service at 10:30. Subject of sermon, "Instruments in God's Hand." The Sunday School meets at 12 o'clock. The Mission Circle meets at 3:30, an interesting missionary program will be rendered. Young Peoples meeting at 7:30 P. M. Evening service at 8 o'clock with sermon by the pastor on the subject, "The Door to Opportunities in Service." Prayer meeting Thursday evening at 8 o'clock. To all of these services one and all are cordially invited. You will be welcome! Rev. A. B. Colvin, pastor.

### Spring Laxative and Blood Cleanser

Flush out the accumulated waste and poisons of the winter months; cleans your stomach, liver and kidneys of all impurities. Take Dr. King's New Life Pills; nothing better for purifying the blood. Mild, non-gripping laxative. Cures constipation; makes you feel fine. Take no other. 25c at your druggist. H. P. Dunn, druggist.—Advt. Hs.

## A Sale of Fine Lawn and Crepe de Chene Waists

We have placed a very low sale price upon a lot of our fine waists. At \$1.98 we will now sell you beautiful silk Crepe de Chene waists which are \$3.95 and \$4.50 qualities. There are other qualities and other prices all of which are marked equally as low. See these excellent values.

"MICHAEL'S"

## DEVELOPMENTS OF WEEK ON RANGE

European War Creates Big Demand for Manganese Ore from Cuyuna Range

### THE WILCOX MINE TO SHIP SOON

R. W. Seelye Confident the Wilcox Mine will Ship 5,000 to 10,000 Tons This Year

All eyes are being turned on the Cuyuna iron range, for here is the only supply of manganese ore since the Balkans and Russia ceased their shipments. The furnaces of the American Manganese Manufacturing Co. at Dunbar, Pa., will soon be turning out ferro-manganese, having on hand large stockpiles of manganese ore shipped from their subsidiary mine, the Cuyuna-Mille Lacs. It is expected that the war will give an impetus to mining on the Cuyuna range and therefore increase the output of the Cuyuna-Mille Lacs and Cuyuna-Duluth.

Some of the finest manganese ore ever seen on the range has been uncovered at the Duluth-Brainerd mine. Considerable runs over 40 per cent. The Thompson pit mine of the Inland Steel company at Crosby is shipping on an average of 50 to 60 cars a day. The Pennington pit mine has a steam shovel at work in the cut. The Rowe pit mine is shipping steadily. It is reported that in the next two weeks there will be a heavy increase in the shipments, to be sustained until the end of the season. The Armour No. 2 and the Kennedy mine at Cuyuna, of the Rogers, Brown Ore Co. are shipping constantly.

The Iron Mountain mine, rich in manganese ore, is expected to start up on August 18 when eastern parties commence mining. The Crow Wing Iron Co. has discontinued two drills in section 6, township 46, range 29, which had been working there the past ten months.

Canadian steel men recently on the range were J. J. Doran, J. J. Mackey and Ed Mackay of Toronto and Hamilton, Ontario, directors of the Canadian-Cuyuna Ore Co. and they visited the property of the company at the Wilcox mine near Woodrow. The shaft is down 125 feet and well anchored in rock. The pumping ranges from 25 to 40 gallons a minute. The work of sinking is progressing at the rate of 2 and 1/2 feet per day. The directors were well pleased with the progress attained. The Wilcox is confidently expected to ship from 5,000 to 10,000 tons this fall. The shaft will be finished October 1 and the drift is expected to be in on October 20. The ore shipped will catch the last boats at the head of the lakes about December 1. A new cement "dry" or miners change house will be built this month. The permanent head frame will be up in September. The new hoist will be at the mine October 1. By that time all the buildings will be finished and all the machinery installed. The loading track is being finished. The coal trestle and siding are finished and ready for use.

At Cedar Lake the Northern Pacific railway is completing its connection with the Soo line, the work being in charge of the railway contractors, McCullough & Cheney of Minneapolis. The contract for building the track from the Y near the depot at Crosby to the Northern Pacific depot in Ironton was let to Fred Baxter of Superior. Work has been started on this stretch of Soo track and the job is to be finished by September 1. Passenger trains are to begin running over it September 10. The Pennington mine is dumping overburden in the corporate limits of Ironton and is thus grading low places to a proper level. Enough earth has been delivered beside the Northern Pacific track from Ironton avenue east that a second track has been laid for unloading therefrom in the town.

The Cuyuna-Mille Lacs mine is in

## Woman Is As Old As She Looks

No woman wants to look old. Many in their effort to look youthful resort to the "beauty doctor's" prescriptions, but the result is that they visit the doctor's department in the drug store. Beauty depends upon health. Worry, sleepless nights, indigestion, pains, disorders, irregularities and weakness of a distinctly feminine character in a short time bring the dull eyes, the "crow's feet," the haggard look, dropping eyebrows, and the fading skin.

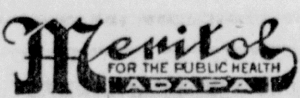

## DR. PIERCE'S Favorite Prescription

This famous medicine strikes at the very root of those enemies of your youthful appearance. It makes you not only look young, but feel young.

Your druggist can supply you in the 1d or tablet form or send 50 cent stamps to Dr. Pierce's Invalid, Food and Curing Institute, Buffalo, N. Y., and trial box will be mailed you.

## Our Heartiest Recommendation

We are often asked to recommend a remedy for skin troubles, eczema, tetter, salt rheum, dandruff, etc. We have the exclusive agency for

**Eczema Remedy**

which we believe possesses unusual merit. We highly recommend and sell it on a positive guarantee. The object of this effective preparation is to penetrate the skin and destroy the germs of this distressing and stubborn disease. If you are a sufferer from skin troubles, give this remedy a trial. You will be pleased with the results. Two sizes, 50c and \$1.00.

H. P. DUNN Exclusive Agency

## DEVELOPMENTS OF WEEK ON RANGE

(Continued from page 4)

stalling a 250 horsepower electrically driven air compressor. The power will be gotten from the Cuyuna Range Power Co.

On the Cuyuna Iron & Manganese Ore Co. property north of the Pennington mine check drilling is continuing by the Inter-State Iron Co. who have an option on the property until October 1. Two drills are operating. One is between the old drill holes, No. 34A and 35A. This drill struck the ore at about 70 feet and is now penetrating high grade ore. The other drill is drilling south of the old hole, No. 39A and this drill also shows about the same results. It is the opinion of the parties interested that there is no doubt but the property will be taken over when the option is up and this will mean another big mine for the Cuyuna iron range.

The Brainerd-Cuyuna mine in the city limits of Brainerd has commenced putting in a drop shaft under the supervision of D. C. Peacock, of Brainerd. The shaft is being built and sinking will soon be under way. The same kind of a shaft will be put in as at the Wilcox mine at Woodrow.

At Barrows a number of drills are at work. The Brainerd Mining Co. has a drill at work near the superintendent's home. The Barrows Mining Co. struck ore in the first hole put down by its drills south of the Northern Pacific depot at Barrows. It is here in section 16, township 44, range 31 that the Barrows Mining Co. will establish its concrete shaft, expecting to be able to ship early next season. The shaft will be put down under the supervision of C. B. Rowley, of Brainerd. Another drill in section 9, opposite the new Woodland Park addition to Barrows, is working for the Barrows-Mississippi Iron Co. and favorable prospects are being found.

The Cuyuna Central Iron Co. has three drills working in section 27 about a half mile east of Manganese. The Duluth Diamond Drill company has a drill working in section 29 about a half a mile east of Manganese.

The Iron Trade Review, of Cleveland, Ohio, in its last issue says that the belief that the great European war will cause increased demand for iron and steel products grows stronger. The ferro-manganese situation is serious, especially for steel makers who have limited supplies on hand. Some consumers have offered as high as \$90 per ton for delivery within 90 days, as compared with recent quotations of from \$38 to \$40.

## Clears Complexion—Removes Skin Blemishes

Why go through life embarrassed and disfigured with pimples, eruptions, blackheads, red rough skin, or suffering the tortures of Eczema, iten, tetter, salt rheum. Just ask your druggist for Dr. Hobson's Eczema Ointment. Follow the simple suggestions and your skin worries are over. Mild, soothing, effective. Excellent for babies and delicate, tender skin. Stops chapping. Always helps. Relief or money back. 50c at your druggist. H. P. Dunn.

Wholesale Advice.  
Just because it is so difficult for a rich man to enter the kingdom of heaven the poor man should not think he has an absolute cinch.—Little Rock Gazette.

## MUSIC AND DRAMA

### Columbia Tonight

A very good show is promised those who attend the Columbia this evening "The Boilermaker's Holiday" a farce comedy should prove one big laugh. The "Gypsy Child" is the two reeler and also a splendid Kalem western in "Tragedy" is coming and the management. Sunday "The Shadow of Men" promises one of the best shows ever given there. Alice Joyce starts her series next Tuesday.

### At the Grand

As a special for Sunday will be presented, "Across the Atlantic" it is one of the series of photoplays that was produced by Director Herbert Brenon's Imp company, on its tour of Europe a short time past. With the popular star, King Baggot, in the lead role, it was staged in England, and shows marked signs of enterprise on the director's and company's part. For instance, they were the first to take scenes in London of the principal streets and important places such as Buckingham palace, Westminster Abbey, The Strand, St. Paul's Cathedral and Fleet street. And the company, not satisfied with simply the settings they had secured special privilege to take and a flying machine—a necessary adjunct—went out and secured the world famed aviators, Claude Graham White and Gustav Hammel, to appear in roles and use their own machines. Mr. Graham White, especially, is seen in one of the lead roles.

This is a picture that one sees but rarely. There is a gripping dramatic story—there are the splendid educational virtues from a travelogue standpoint, and the "punch" is there in the way of sensational developments and incidents.

Also along with this special feature we have Ford Sterling in "The Crash"

### Gibraltar.

The famous Rock of Gibraltar, the British stronghold, is about 1,437 feet in height.

### REACHING THE SPOT

It has Been Done, So Scores of Brainerd Citizens Say

To get rid of an aching back, The sharp twinges, The tired-out feelings, You must reach the spot—get at the cause.

In many cases 'tis the kidneys. Doan's Kidney Pills are for weak kidneys.

Brainerd citizens testify. Paul Hanson, carpenter, Tenth and Quince Sts., Brainerd, Minn., says: "I had a sort of rheumatic swelling in my knee and I had other kidney and bladder troubles. Doan's Kidney Pills gave me prompt relief, and some time ago I publicly recommended them. You can keep on using my statement, for the benefit I got has lasted. I can't say too much for Doan's Kidney Pills."

Price 50c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Hansen had. Foster-Milburn Co., Props., Buffalo, N. Y. Advt.

## An investment Bargain in City lots

Twelve city lots, all together, in fastest growing part of city with best prospects for future growth. Perfect title and taxes all paid. An excellent investment opportunity at \$50 per lot cash. This price for quick sale only.

W. F. WIELAND  
Iron Exchange Bldg.

Quite Simple.  
"Mr. Yaleblue, I want to ask you a question," remarked the Wellesley maiden to her partner as they entered the conservatory.  
"A thousand if you like," replied the gallant collegian.  
"What is a kiss?"  
The young man was taken aback, but quickly pulled himself together and firmly said, "This is."  
"Sir," replied the indignant seeker after higher culture, "you misunderstand me. The interrogation I put to you was a mathematical problem which I thought might interest a student from Yale college."  
"It does, it does," said the junior as he twirled his light mustache, "but if it's a conundrum I give it up."  
The maiden's eyes sparkled, and there was music in her voice as she threw out the answer. "Why, it's nothing divided by two."—Philadelphia Ledger.

## Woman Is As Old As She Looks

No woman wants to look old. Many in their effort to look youthful resort to "beauty patches" or "beauty preparations." But the only way to keep the face as young as the heart is to keep the skin in good condition. Beauty depends upon health. Healthy skin is the result of a healthy system. The only way to keep the skin in good condition is to keep the system in good condition. To retain the appearance of youth you must retain health. Instead of lotions, powders and paints, ask your druggist for

### DR. PIERCE'S Favorite Prescription

This famous medicine strikes at the very root of those enemies of your youthful appearance. It makes you not only look young, but feel young. Your druggist can supply you in the form of tablets or in powder and 50 one-cent stamps to Dr. Pierce's Invalids' Hotel and Surgical Institute, Buffalo, N. Y., and trial box will be mailed you.

## Our Heartiest Recommendation

We are often asked to recommend a remedy for skin troubles, eczema, tetter, salt rheum, dandruff, etc. We have the exclusive agency for

### Eczema Remedy

which we believe possesses unusual merit. We highly recommend and sell it on a positive guarantee. The object of this effective preparation is to penetrate the skin and destroy the germs of this distressing and stubborn disease. If you are a sufferer from skin troubles, give this remedy a trial. You will be pleased with the results. Two sizes, 50c and \$1.00.

H. P. DUNN Exclusive Agency

## DEVELOPMENTS OF WEEK ON RANGE

(Continued from page 4)

stalling a 250 horsepower electrically driven air compressor. The power will be gotten from the Cuyuna Range Power Co.

On the Cuyuna Iron & Manganese Ore Co. property north of the Pennington mine, which drilling is continuing by the Inter-State Iron Co., who have an option on the property until October 1. Two drills are operating. One is between the old drill holes, No. 34A and 35A. This drill struck the ore at about 70 feet and is now penetrating high grade ore. The other drill is drilling south of the old hole, No. 39A and this drill also shows about the same results. It is the opinion of the parties interested that there is no doubt but the property will be taken over when the option is up and this will mean another big mine for the Cuyuna Iron range.

The Brainerd-Cuyuna mine in the city limits of Brainerd has commenced putting in a drop shaft under the supervision of D. C. Peacock, of Brainerd. The shaft is being built and sinking will soon be under way. The same kind of a shaft will be put in as at the Wilcox mine at Woodrow.

At Barrows a number of drills are at work. The Brainerd Mining Co. has a drill at work near the superintendent's home. The Barrows Mining Co. struck ore in the first hole put down by its drills south of the Northern Pacific depot at Barrows. It is here in section 16, township 44, range 31 that the Barrows Mining Co. will establish its concrete shaft, expecting to be able to ship early next season. The shaft will be put down under the supervision of C. B. Rowley, of Brainerd. Another drill in section 9, opposite the new Woodland Park addition to Barrows, is working for the Barrows-Mississippi Iron Co. and favorable prospects are being found.

The Cuyuna Central Iron Co. has three drills working in section 27 about a half mile east of Manganese. The Duluth Diamond Drill company has a drill working in section 29 about a half a mile east of Manganese.

The Iron Trade Review, of Cleveland, Ohio, in its last issue says that the belief that the great European war will cause increased demand for iron and steel products grows stronger. The ferro-manganese situation is serious, especially for steel makers who have limited supplies on hand. Some consumers have offered as high as \$90 per ton for delivery within 90 days, as compared with recent quotations of from \$38 to \$40.

### Clears Complexion—Removes Skin Blemishes

Why go through life embarrassed and disfigured with pimples, eruptions, blackheads, red rough skin, or suffering the tortures of Eczema, Itch, tetter, salt rheum. Just ask your druggist for Dr. Hobson's Eczema Ointment. Follow the simple suggestions and your skin worries are over. Mild, soothing, effective. Excellent for babies and delicate, tender skin. Stops chapping. Always helps. Relief or money back. 50c at your druggist. H. P. Dunn.

### Wholesome Advice.

Just because it is so difficult for a rich man to enter the kingdom of heaven the poor man should not think he has an absolute cinch.—Little Rock Gazette.

## MUSIC AND DRAMA

### Columbia Tonight

A very good show is promised those who attend the Columbia this evening. "The Boilermaker's Holiday" a farce comedy should prove one big laugh. The "Gypsy Child" is the two reeler and also a splendid Kalem western in "Tragedy" is coming and the management promises one of the best shows ever given there. Alce Joyce starts her series next Tuesday.

### At the Grand

As a special for Sunday will be presented, "Across the Atlantic" it is one of the series of photoplays that was produced by Director Herbert Brenson's Imp company, on its tour of Europe a short time past. With the popular star, King Baggot, in the lead role, it was staged in England, and shows marked signs of enterprise on the director's and company's part. For instance, they were the first to take scenes in London of the principal streets and important places such as Buckingham palace, Westminster Abbey, The Strand, St. Paul's Cathedral and Fleet street. And the company, not satisfied with simply the settings they had secured special privilege to take and a flying machine—a necessary adjunct—went out and secured the world famed aviators, Claude Graham White and Gustav Hammel, to appear in roles and use their own machines. Mr. Graham White, especially, is seen in one of the lead roles.

This is a picture that one sees but rarely. There is a gripping dramatic story—there are the splendid educational virtues from a travelogue standpoint, and the "punch" is there in the way of sensational developments and incidents. Also along with this special feature we have Ford Sterling in "The Crash"

### Gibraltar.

The famous Rock of Gibraltar, the British stronghold, is about 1,437 feet in height.

### REACHING THE SPOT

It has Been Done, So Scores of Brainerd Citizens Say

To get rid of an aching back, The sharp twinges, The tired-out feelings, You must reach the spot—get at the cause.

In many cases 'tis the kidneys. Doan's Kidney Pills are for weak kidneys.

Brainerd citizens testify. Paul Hanson, carpenter, Tenth and Quince Sts., Brainerd, Minn., says: "I had a sort of rheumatic swelling in my knee and I had other kidney and bladder troubles. Doan's Kidney Pills gave me prompt relief, and some time ago I publicly recommended them. You can keep on using my statement, for the benefit I got has lasted. I can't say too much for Doan's Kidney Pills." Price 50c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Hansen had. Foster-Milburn Co., Props., Buffalo, N. Y. Advt.
